Knapp; Five Year Terms: Member Board of Adjustment — William A. Barker; Six (6) Year Terms: Supervisor of the Checklist — Lucille A. McDonald.

Article 1A: "Shall we adopt the provision of RSA 72:43f for the adjusted elderly exemptions from Property Tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers; for a person 65 years of age up to 75 years, $10,000.00; for a person 75 years of age up to 80 years $15,000.00; for a person 80 years of age or older $20,000.00. To qualify, the person must have been a N. H. Resident for at least 5 years; own real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than $10,000.00 or if married a combined net income of less than $12,000.00 and own net assets of $30,000.00 or less, excluding the value of the person's residence." Passed by ballot 260 Yes, 66 No. Adjourned at 10:07 P.M. to March 13, 1982, 10:00 A.M. at the Dublin Consolidated School to take action on remaining Articles in Town Warrant.

March 13, 1982, Meeting called to order 10:00 A.M. C. Robertson Trowbridge, Moderator, presiding:

Article 2: Officers chosen by voice vote: Measurer of Wood and Bark — Clarence Babneau; Memorial Day Committee — Brian Barden, Robert Blanchette and Daniel Walsh.

Article 3: Moved that Reports of Agents, Auditors, Committees, be accepted as printed. Carried.

Article 4: Moved that the Town accept certain Trust Funds as follows:

Herman W. Aldrich Lot	$100.00	Carried.

Article 5: Moved that the Town vote to collect taxes semi-annually, for the tax year commencing with April 1, 1982, and for every year thereafter in accordance with the provisions of RSA 76:15 a and b, or take any action thereto. Carried.

Article 6: Moved that the Town raise and appropriate the sum of $3,121.00, (three thousand one hundred and twenty-one dollars) to support the services of the Monadnock Community Visiting Nurse Association, Inc. Carried.

Article 7: Moved that the Town raise and appropriate the sum of $649.00, (six hundred forty-nine dollars), to support the service of the Monadnock Family Mental Health Services. Carried.

59 Interest Expense — Tax Anticipation Notes was amended to read $12,000.
Line 82 Sanitary Landfill Conversion was amended to read $8,000.
Budget as amended Carried. Total Appropriations $390,791.

Article 22: Moved that the Town vote to indemnify and save harmless from personal financial loss and expense (including reasonable legal fees and costs, if any) any present or future member of the Board of Selectmen, any present or future member of any Town Board or Agency, and any present or future employee of the Town, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage, or destruction was acting in the scope of his employment or office. Carried.

Article 23. Moved that the Town accept the architectural Drawings (C-1/21/82) for the rehabilitation of the town hall. Carried.

Article 24. Moved that the Town vote to expand the $150,000.00 State required tax exemption on private school dormitories, dining rooms and kitchens, in order to exempt the full value to these structures at both the Dublin School and the Dublin Christian Academy. An amendment to expand this to $250,000.00. Failed. It was amended that the Dublin Christian Academy and Dublin School be granted continued full exemption of the stated buildings in the warrant article. Article as amended carried.

Article 25: Moved that the Town rescind the vote passed at the Town Meeting held on March 14, 1981, which required the ratio of de-icing salt to sand used on Town roads to be as close to one-to-twenty as is possible, thus leaving the ratio of salt to sand to the discretion of the Road Agent, who will be governed by the road conditions, the safety of the citizens and preservation and protection of vegetation and lakes and streams. Failed.

Article 26: Moved that the Town authorize the Selectmen to sell approximately 1½ (one and one-half) acres of adjoining conservation land (Map 5-43) to include no lake frontage to Robert F. and Caryl A. Carroll (Map 5-42) at a fair market value, to be determined by the Town Appraiser, plus costs with final Platte approval by the Planning Board. Carried.

Article 27: Moved that the Town vote to continue limited Summer Maintenance from April 15 to November 30 and the posting of Road Closed Signs from December 1, to April 14 on Old Troy Road from the turn around at "Weldwood" westerly to the Dublin-Marlborough Town Line to provide seasonal access to Mountain trails, to those properties and summer cottages now in existance on this road and access for emergency vehicles. Amended to include: provided that the Town of Dublin arrange with Marlborough to provide year-around access to the Stowell property not to exceed $500.00. Motion as amended carried.

Article 28: Moved that the Town authorize the Selectmen to borrow money in anticipation of taxes. Carried.

Article 29: Moved that the Town authorize the Selectmen to administer and dispose of any Real Estate acquired by tax deed. Carried.

Article 30: Moved that the Town authorize the Selectmen to apply for, to accept and expend on behalf of the Town, or any Department thereof, any and all grants or other funds for Municipal purposes which may now or hereafter be forthcoming, over and above the total appropriation voted by the Town, in accordance with RSA 31:95b. Carried.

An un-official Ballot was taken on the following:
Shall the citizens of Dublin ask members of the New Hampshire congressional delegation to support or co-sponsor a resolution in the United States Congress to: Request the President of

the United States to propose to the Soviet Union that the United States and the Soviet Union adopt a mutual freeze of the testing, production and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons with verification safeguards satisfactory to both countries? 83 Yes 29 No.

Meeting adjourned at 5:00 P.M.

Respectfully submitted,
Anita J. Crowell
Town Clerk

EXTRACTS FROM MUNICIPAL BUDGET ACT-RSA 32

32:4 AUTHORITY OF BUDGET COMMITTEE. In any town which has adopted the provisions of the municipal budget law, in addition to its other duties hereunder, the budget committee shall prepare a budget for any village district or precinct wholly within the boundaries of said town. The limitations upon town appropriations, provided by this chapter, shall apply to appropriations for said districts or precincts and the commissioners of any such district or precinct shall be subject to the provisions of this chapter as other spending agencies of said town. In case of sudden and unexpected emergency the commissioners may apply to the Department of Revenue Administration for a certificate of emergency, as selectmen may do in the case of a town.

32:5 PREPARATION OF BUDGETS. Selectmen, school boards, village district commissioners, all governmental officers, and department heads, including officers of such self sustaining departments as water, sewer, and electric departments shall prepare a statement of estimated expenses and receipts for the ensuing fiscal year and submit the same to the budget committee at such time as the budget committee shall fix. Department heads and other officers shall submit their departmental statements of estimated expenditures and receipts to their respective governing boards before submission thereof to the budget committee. All moneys appropriated by the town, school district or village district shall be stipulated in the budget on a "gross" basis, showing revenues from all sources, including grants, gifts, bequests and bond issues, as offsetting revenues to appropriations affected. Upon receipt of the foregoing estimates of expenditures and receipts, the budget committee shall confer with selectmen, school boards, village district commissioners, and other officers and departments relative to estimated costs, revenues anticipated, and services performed; and it shall be the duty of all such officers and other persons to furnish such pertinent information to the budget committee. The budget committee shall thereafter prepare budgets according to rules which shall be adopted by the commissioner of revenue administration, pursuant to RSA 541-A, relative to the required forms and information to be submitted for town expenditures, school district expenditures and village district expenditures. *Such budget forms shall include a separate column which indicates the recommended budget of the selectmen,* school board or village district commissioners. It shall hold at least one public hearing on each budget, not later than 25 days before each annual or special meeting, public notice, and time of which shall be given at least 7 days in advance. After the public hearing, the budget committee shall prepare and submit to the selectmen, at least 20 days before the annual town meeting, for them to post with the town warrant, 2 copies of the budget prepared for the town, and 2 copies of other special items for purposes not included within the budget but which were requested by the selectmen, or by petition, and which the committee does not wish to recommend, but upon which the voters at the town meeting are hereby entitled to vote. It shall likewise prepare and submit to the school board, or village district commissioners, at least 20 days before said annual meetings for posting by the school board or the village district commissioners with the warrants for their respective meetings, 2 copies of a school district or village district budget to be acted upon at the school village district annual meetings, and 2 copies of other special items for purposes not included within the budget but which were requested by the members of the school board or village district commissioners, or by petition, and which the committee does not wish to recommend, but upon which the voters at the school board or village district meeting are hereby entitled to vote. The budget committee shall not insert additional purposes of expenditures in any recommended budget at or after the public hearings required in this section, without first holding one or more public hearings on supplemental budget requests for town, school district or village district expenditures.

32:8 LIMITATION OF APPROPRIATIONS. So long as the provisions of this chapter shall remain in force in any town the total amount appropriated at any annual meeting shall not ex-

ceed by more than ten percent the total amount specified in the budget for said meeting, and no appropriation shall be made for any purpose not included in said budget or in the warrant for the annual meeting. Money may be raised and appropriated for such items, but not to an amount which would increase the total appropriations, as recommended by the budget committee, by more than the ten percent allowed hereunder. The ten percent increase herein allowable above the total amount specified in the budget for said meeting shall be computed on the total amount recommended less that part of any appropriation item which constitutes fixed charges. Fixed charges shall include appropriations for:

I. Bonds, and all interest and principal payments thereon;

II. Notes, except tax anticipation notes, and all interest and principal payments thereon;

III. Mandatory assessments imposed on towns, by the county, state or federal governments.

REPORT OF THE BUDGET COMMITTEE

As of the end of 1982, the Budget Committee has met eleven times since the March 1982 Town Meeting. To comply with the Municipal Budget Law, the Committee met in May, July and October for quarterly reviews of Town expenditures. At the July meeting, the Committee also accepted with regret the resignations of Nancy Campbell as Committee Chairman, and Ron LaMontagne as a committee member and elected Julien McKee Chairman, and Russell Eaves to serve in Mr. LaMontagne's place until the March 1983 Town Meeting. Anne Biklen was re-elected Secretary.

To develop the 1983 budget, the Committee began meeting with department heads on November 3rd and has met once a week, except for Thanksgiving and Christmas weeks, since that date. As in the past, sub-committees made up of committee members assisted certain departments.

As of this writing, the Committee has met with all department heads once, has announced and held the mandated Public Hearing on possible uses of general revenue sharing funds and is about to start another review of the budgets. The required Public Hearing on the budget will be January 25, 1983.

The budget will be up again this year because wages must be increased and costs continue to rise, albeit at a lower rate than in the recent past. Budget requests are hard to cut because departments and Budget Committees have been so careful and budgets so tight in previous years. However, the Committee does find requests to question and items to eliminate or adjust downward.

The Committee is also confronting three very important matters this year:

1. Resumption of payments to Capital Reserve. To keep the 1982 budget at a reasonable level following the 28% increase in 1981 tax bills, no money was voted for capital reserve funds in 1982.

2. Conversion of the sanitary landfill to a facility for compacting and transporting solid waste away from the town.

3. Renovation of the interior of Town Hall.

The Committee welcomes this opportunity to thank our Secretary, Anne Biklen, for her great work on our reports and minutes, notices and correspondence. Without her help we could not have functioned nearly so smoothly. We also appreciate very much the help and support of our Selectmen's representative.

Anne Biklen's and Nancy Campbell's terms expire this year. The Committee is extremely grateful to them and hopes they run again. Their service has been outstanding, their contributions to the Budget Committee and the Town enormous. The Committee also thanks Russell Eaves for coming forward to fill our vacancy, thereby continuing a record of long and faithful service to the community. The Committee hopes he, too, may decide to run again.

Respectfully submitted,
Julien D. McKee,
Chairman
Anne Biklen
Nancy E. Campbell
Russell Eaves

CERTIFIED
PUBLIC ACCOUNTANTS

To the Board of Selectmen of the
Town of Dublin:

We have examined the financial statements (as indexed in the Table of Contents) of the Town of Dublin for the year ended December 31, 1982, and the statement of revenues, expenses and changes in fund balances - nonexpendable trust funds for the year ended December 31, 1981. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town of Dublin has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, as required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets, the financial statements referred to above present fairly the financial position of the Town of Dublin as of December 31, 1982, the results of the financial transactions for the year then ended, and the nonexpendable trust fund revenues, expenses and changes in fund balances for the year ended December 31, 1981, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1982

1. Summary of significant accounting policies:

The accounting policies of the Town of Dublin conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of accounting - The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (ioonqib ciftf1M

General fixed assets - Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Investments - Investments are stated at cost.

Continuing appropriations - Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are detailed as follows:

Highway subsidy bridge construction	$8,551
Radio and radio update	555
	$9,106

Taxes collected for others - The Town collects taxes for ConVal Regional School District and Cheshire County which are remitted to them as required by law. These funds are accounted for as agency funds.

Interfund transactions - During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Property taxes - Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to overlay. Overlay is included under the classification of general government in the financial statements.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1982

1. Summary of significant accounting policies (continued):

As prescribed by law, the tax collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the three-year redemption period, the property is tax-deeded to the lien holder.

Retirement system - The Town provides for pension benefits to substantially all full-time employees through a contributory system under New Hampshire law. The law prescribes the formula for computing pension benefits and presently does not permit advance funding of pension liabilities. Pension benefits are paid from Town funding and employee contributions based on date of entry. Pension expense for the year ended June 30, 1982, the latest year end of the New Hampshire retirement system, was $4,318. There is no unfunded past service liability and the value of vested benefits has not been determined. The date of the last actuarial report on the New Hampshire retirement system is June 30, 1979.

2. Purpose of funds and account groups:

The Town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the Town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

Memorandum totals represent the arithmetic sum of the different fund reported upon and not any specific fund or account group.

A. Governmental funds -

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General fund - Used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Special revenue funds - Used to account for specific restricted revenues and expenditures for various purposes. Federal revenue sharing receipts and expenditures are governed by the provisions of the federal revenue sharing regulations. Other receipts and expenditures are governed by statistics or local law.

2. Purpose of funds and account groups (continued):

B. Fiduciary funds -

Trust and agency funds - These funds are used to account for assets held by the Town in a fiduciary capacity for various purposes, including cemetery operations and taxes collected for other governmental units. Receipts and expenditures of each fund are governed by statutes or local law.

3. Budget:

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. The selectmen may transfer funds between operating categories as they deem necessary.

4. Long-term debt:

Long-term debt, all payable to banks, representing unsecured general obligations of the Town at December 31, 1982 and 1981, consisted of the following:

Due Date	Interest Rate	Annual Principal Payment	1982	1981	Purpose
4/18/87	3 1/2%	$2,333	$ 9,337	$11,670	Tool barn
7/26/87	5 1/4%	3,977	19,888	23,865	Fire truck
5/27/88	7%	3,000	18,000	21,000	Highway truck
		$9,310	$47,225	$56,535	

Maturities for long-term debt in subsequent fiscal years from December 31, 1982 are as follows:

1983	$ 9,310
1984	9,310
1985	9,311
1986	9,316
1987	6,978
1988	3,000
	$47,225

5. Nonexpendable trust funds:

The principal amount of all nonexpendable funds are restricted either by law or specific terms of individual bequests, in that only income earned thereon may be expended. Principal and income balances at December 31, 1982 are as follows:

	Principal	Income	Total
Common funds	$130,955	$ 1,722	$132,677
Library building fund	10,720	7,005	17,725
Accumulated income fund	-	33,109	33,109
	$141,675	$41,836	$183,511

6. Expendable trust funds:

Expendable trust funds (capital reserve funds) at December 31, 1982 are detailed as follows:

Heavy highway equipment	$16,971
Bridge construction	353
Fire equipment	14,106
Police cruiser	6,933
Cemetery equipment	4,401
Dump equipment	6,613
Sidewalk	7,454
	$56,831

7. Special revenue fund balances:

Special revenue fund balances at December 31, 1982 consisted of:

Revenue sharing fund	$ 4,856
Town Hall restoration fund	28,888
	$33,744

PLANNING BOARD
Town of DUBLIN, NEW HAMPSHIRE
Annual Report

The downturn in the economy is reflected in the work of the Board for 1982. The number of subdivisions and land adjustments, although fewer than last year, made up the majority of the Board's work.

Subdivisions requested and their results were:

Patricia & Michael Walker	Map 4	Lot 67	2 lots	approved
Norman Davis Boulder Drive	Map 8	Lot 34, 37	3 lots	approved
Route 137	Map 21	Lot 41	3 lots	approved
Richard & Eileen Delnero	Map 7	Lot 23	2 lots	incomplete
Daniel O'Rourke	Map 16	Lot 41	2 lots	disapproved
Encounter Foundation, Inc.	Map 7	Lot 15	4 lots	approved
Jane Young	Map 11	Lot 7	2 lots	disapproved
Louise Spencer	Map 6	Lot 12	2 lots	continuing
Robert Korpi	Map 4	Lot 31	5 lots	reapproved
Alice McKenna	Map 6	Lot 27	2 lots	approved
Norman Davis Route 137	Map 8	Lot 37	4 lots	approved

Boundary adjustments were approved for Eunice Wold, Encounter Foundation, Inc., and Francis & Patricia McKenna. A public hearing was conducted for the cutting of trees on Page Road by the N.E. Telephone Company for telephone and power line requirements.

Meetings with SouthWest Regional Planning Commission representatives and combined meetings of the Planning Board, Board of Adjustment, Conservation Commission and Selectmen were conducted to examine the relationship between our comprehensive plan and the efforts of the Town Boards. Much of our work is guided by recommendations and advice received from the Region Planning Commission.

Meetings concerning solid waste management have been attended by members of the Board. The Board is represented on the Town Solid Waste Management Committee. A resolution passed by the Southwest Regional Planning Commission, stated that 20% of the 1982-83 budget of the commission will be for solid waste disposal *planning*.

During October and November members of the Board attended a lecture series on Municipal Law sponsored by the New Hampshire Municipal Association.

Three amendments to the Zoning Regulations will be presented on a special ballot to the voters at Town Meeting in March, 1983. The first of these clarifies the General Provisions by removing outdated portions and specifies home occupation rules. Amendment #2 concerns Nonconforming Uses and provides greater flexibility to the Board of Adjustment for enlargement and proposed changes of use. Amendment #3 deals with the special exceptions addressed by the Board of Adjustment and defines state and town roads where these exceptions can be approved.

The Planning Board meets the first and third Thursdays of each month at 7:30 p.m. in the Town Hall. All meetings are open public hearings and everyone is welcome.

Respectfully submitted,
Dan Walsh, Chairman

RECREATION COMMITTEE ANNUAL REPORT

The Recreation Committee concentrated its activities on the youth of the town this year as in the past. We also have made it our goal to extend the activities of the Committee to reach the interests of the "non-youth" of the town this year.

Gary Steinbach returned as coach of the PeeWee team this year, while Willard Oja took on the job of coaching the Little League team. Both coaches were very proud of their respective team results and the active participation of team parents. At the end of the season this year an appreciation barbeque and parent/child game was held at the ballfield.

Once again the Summer Program was a success, and as in the past, the credit goes to Dee Fontaine and her staff (Ted MacVeagh, Debbie White, Laura Murray, and Cheryl and Lynda Fath) as well as to those members of the community who so generously contributed their time and resources to this effort.

The Recreation Committee also participated in the Town Hall Celebration by running games for children behind the Library. There were egg tosses, balloon tosses, sack races, etc. and the children were rewarded for their efforts by receiving green Dublin visors.

In the fall we had our annual Halloween Party. This year we had two parties; one for the younger children featuring George the Clown, the Costume Parade and refreshments, and one for the older children which featured a showing of "Invasion of the Body Snatchers" and a pizza party at intermission.

We are looking forward to 1983 and hope that the committee will reach even more of the people in town.

Respectfully submitted,
Judy Knapp, Chairman
Pam Snitko

REPORT OF HEALTH OFFICER

The coordination of State approved septic systems to determine whether they meet the more demanding Town standards continues to be the bulk of the work required of the Health Officer. The replacement of existing septic systems by homeowners is of concern to ensure that ground water systems remain unpolluted as well as our lakes and streams.

Tests of surface water in the area of the landfill were taken during October, 1982 and a series of tests will be continued during 1983 to identify and evaluate the possible movement of leachate from our present landfill into Brush Brook. As a member of the Dublin Solid Waste Management Committee, close coordination of testing and reporting of results will assist in the planning process and recommendations concerning the landfill.

Inspections of food service and day care facilities were conducted as required.

Respectfully submitted,
Daniel J. Walsh
Health Officer

CONVAL SCHOOL BOARD REPORT

This year has been a year of re-organization and belt-tightening for the Conval School District. Our goal has been to re-organize in order to cut costs without hurting the quality of our children's education. We hope that we have achieved our goal through the re-organizational changes already formulated by our administrators and recently approved by the School Board, and that we shall continue to achieve it with some further changes.

Warpula Bus Co. started transporting Conval students this fall. They have given us exceptional service to date. The busses are on time, discipline is enforced, and the company has gone out of their way to be co-operative and helpful. Warpula leases the busses from the Conval District on a lease-purchase agreement saving the District a substantial amount of money.

The Community Education program was very successful last year and it was self-supporting. I feel that it is a meaningful addition to our community and I hope that it continues to be successful.

Conval High School has a new principal, Carl Britton, and a new Assistant Principal, Ron Pacy. Both are doing an excellent job. Moe LeFlem is the new Assistant Principal at Peterborough Middle School and he is also doing an excellent job.

The Dublin Consolidated School has a population of seventy-five students this year, including twelve children in the emotionally handicapped classroom. Of the later, five are mainstreamed most of the day in other classrooms. I would like to take this opportunity to thank our staff for their hard work and especially for their "caring" for all of our children. We are fortunate to have such fine people working in our school.

In January 1982, the School Board initiated a policy of special recognition of staff members who have performed "above and beyond" their job. These employees may be nominated by another staff member, a parent, or a student. Two Dublin Consolidated teachers received recognition for their work on The Health Curriculum, Dick Dunning and Char Forsten. This recognition was well deserved by both teachers.

There was one major piece of maintenance at the Consolidated School this year. Three steam valves were replaced on the heating system as the old ones were no longer functional.

The District budget for 1983-84 will be presented in a different and, hopefully, more easily understood format. Please let me have your comments on that and any other concerns that you have about the schools.

Respectfully submitted,
Story Wright
Dublin Rep. to the
Contoocook Valley Regional
School Board

REPORT OF THE DUBLIN ROUTE 101 BYPASS SUBCOMMITTEE OF THE PLANNING BOARD

As the year 1981 ended, the Subcommittee had written to the members of the Monadnock Region Legislative Delegation, taking sharp exception to a request from Mr. Daniel Burnham, "Secretary to the Coalition" (The Selectmen of Harrisville, The Monadnock Sierra Club Group, H.O.P.E., and PAC) that the delegation endorse a Resolution calling for the Highway Department to cease all planning for a bypass around Dublin. The Subcommittee was assured that the Delegation would take no such action.

Shortly thereafter, Mr. Burnham tried again to persuade the Delegation to adopt his "No Build" view by forwarding copies of the so-called "Adler Report", written by Dr. Thomas J. Adler of Dartmouth. Dr. Adler, hired by H.O.P.E., had analyzed the traffic problem in Dublin and had come to the conclusion that the present Route 101 was adequate for traffic projected through the year 2,000. He felt that it could handle 2,000 vehicles per hour and projected 1,000 per hour only at peak periods.

Again the Subcommittee wrote the members of the Delegation, noting that "Safety is, of course, a major concern, not only for Dublin residents but also for the motoring public which travels this road through the Monadnock Region. But 7,000 trucks and cars a day — 1,000 per hour at peak periods — as projected by Mr. Adler would, we believe, bring catastrophic change to Dublin village and the shores of Dublin Lake". The letter also summarized again the three official Dublin Town Meetings votes for a bypass, and specifically Corridor B3.

In 1981 the opponents of the B3 corridor had proposed an extension of the boundaries of Historic Harrisville, from Harrisville village to the Dublin-Harrisville town line. This was such an obvious attempt to block consideration of Corridor B3, and based on such flimsy, after-the-fact reasoning, that objections raised caused the application to be withdrawn.

However, in early 1982, under the Chairmanship of Mr. Daniel Burnham, a Harrisville Rural District Committee was formed which drew up a new proposal to place 1,400 acres of Harrisville woods in a "Rural District", and the committee requested a ruling on "eligibility" for listing in The National Register of Historic Places. The 1,400 acres just coincidentally neatly cover the greater portion of that part of the B3 Corridor which lies on the Harrisville side of the Dublin-Harrisville line. On July 26, officials of the National Register ruled that this "Rural District" would be "eligible" for listing if an application were made. The basis for eligibility lies in six houses remaining out of fourteen, abandoned cellar holes, and surrounding woods, formerly farms, inhabited in the 1800s by workers at the Harrisville Mills. This was a disappointing ruling, and, to many, seemingly very far-fetched considering the number of cellar holes in New Hampshire, but in any event it does not necessarily block all consideration of Corridor B3 through the new District. Nevertheless, the Subcommittee went on record with the appropriate Federal officials in opposition to the National Register's decision.

Mr. Burnham, however, on August 16, wrote the Selectmen, the Planning Board, the Conservation Commission, the Bypass Subcommittee and a list of Dublin residents, stating that "The B3 Corridor through Harrisville has been effectively blocked", and he warned that a bypass next to Mount Monadnock, in the G Modified Corridor, was the likely choice, if any bypass was to be built. The Subcommittee immediately replied that his statement was incorrect, that his letter appeared to be another attempt on his part to divide the Town, using scare tactics to promote his "No Build" opinion.

Throughout the year the Subcommittee has carefully followed the various reports and letters in the press and on the radio, and has kept in touch with the Dept. of Public Works and Highways so that we could answer questions from those wishing to know the status of the project, delayed to such an extent by the complexity of the situation and the number of regulations required to be met. Members of the Subcommittee attended a forum at the Harris Center on October 24 at which candidates for Governor's Council for District 2, which includes Harrisville, and District 5, which includes Dublin, spoke on environmental matters, specifically the Dublin

Route 101 bypass. We noted Mr. Streeter's statement that his mail was running 3-1 to 5-1 in favor of "doing something about the terrible condition around the lake and through the village". This tended to confirm our feeling that the opinion in Dublin in favor of a bypass had not changed, despite opponents' claims to the contrary.

The draft EIS (Environmental Impact Statement), a 650 page analysis including many maps, charts and summaries, was finally issued on October 12, 1982. At the same time the Highway Dept. announced that the Corridor Hearing would take place on November 18 and 19. In their on-going effort to stop the bypass planning process, the No East-West Highway Committee Inc., Historic Harrisville Inc., and Mr. Daniel Burnham filed in the U. S. District Court in Concord, requesting a preliminary and permanent injunction to prevent the Corridor Hearing from taking place, and to halt the collection of comments from State and Federal agencies on the EIS. The basis for their suit was that the EIS was inaccurate and should be corrected before any such Hearing was held. The Subcommittee attended when the case came up and was gratified when the judge ruled against them, noting that the Corridor Hearing was the logical place for complaints about the EIS to be brought forth, and was, in fact, required by law for just that purpose.

In preparation for the Corridor Hearing, the Highway Dept. sent representatives to Dublin on October 25 and 26 to answer any questions citizens might have on the whole bypass issue. On November 3, the Subcommittee held a meeting for Dublin Department Heads to go over what had been learned from the October 25 and 26 visit, and specifically to explain the procedure which would be used in running the Corridor Hearing.

The long-awaited Corridor Hearing was held at the Peterborough Armory on November 18, starting at 2:00 p.m., and continuing with a two hour break for supper until 11:00 p.m. Each person wishing to speak was allotted five minutes. Because of the number of speakers, the Hearing was reconvened at 1:00 p.m. on November 19 and concluded at 5:00 p.m.

Mr. Whitney spoke both days for the Subcommittee, briefly noting the history of the Subcommittee, appointed by the Planning Board on August 25, 1978, and listing the work that had been done since that time, culminating in the conclusion that a bypass was essential to handle the increasing traffic projected during the next ten to fifteen years through Dublin, that the "No Build" and "Reconstruction" alternatives were not viable options, and that Corridor B3 would answer the need and do the least harm to the fewest number of people in both Harrisville and Dublin.

The Subcommittee was gratified that, according to the Sentinel's headline on November 19 "Most Speakers at Hearing Favor B-3 Bypass Route". We were also encouraged by the editorial in the Peterborough Transcript of November 18 entitled "Everybody's Business", which made the point which the Subcommittee has so often stressed — that the traffic through Dublin is a regional problem — not a fight between Dublin and Harrisville. The editorial said that regardless of the feelings of opposing groups in the two towns ". . . Route 101 is connected to the rest of the world on both ends". We were glad when, early in the year, the Keene Chamber of Commerce went on record as favoring some bypass, and we felt that the regional nature of the problem was really taking hold when on Election Day, November 2, over six hundred Peterborough voters signed a petition in favor of a bypass, specifically B3.

As this Report is being written, the Subcommittee's comments on the Draft EIS are being prepared, to be submitted by the January 17 deadline. We have found some errors and omissions, and we will note them, which is what the Highway Dept. requests and wants, and is the reason a "draft" is issued in the first place. By and large, we believe the Statement to be well-organized, detailed and thorough. Now we wait to see what the Highway Department's decision will be, promised by summer of 1983, and hope that 1983 will see an end to the bitterness which has enveloped this controversy.

REPORT OF THE SOLID WASTE COMMITTEE

'The Solid Waste Committee's activities during 1982 addressed several items relating to the continuation of our landfill for an intermediate time period and until a long term solution is implemented. Specifications were drawn and excavation work contracted and completed which added an approximate 12-18 months of landfill life. In accordance with State Pollution Control Board Directives, water test sites were selected and marked and a test program initiated which will monitor surface water impact from the landfill. Sheet metal disposal, burning practices and controls, and litter were also addressed and partial progress made in solving these problems and work will continue in 1983. Landfill hours were shortened due to low usage in early morning and to obtain a small cost savings to the town. We are coordinating those activities which are appropriate with Dublin Conservation Commission representatives as our landfill is surrounded by water from the Brush Brook System which must be protected.

We believe that with careful landfill management practices, we can obtain one additional extension of 12-18 months from the State, which would require further excavation when the existing area is full. However, it is clearly evident that our landfill life is limited and continuation beyond 2-3 years is geographically and environmentally infeasible and would in all likelihood be vigorously resisted by the State.

The most realistic solution is the transfer of organic material in either loose or compacted form out of Dublin, either by the town or through contracted private services. Brush, metal, tires and building rubble will continue to be handled by the landfill. The Southwest Region Planning Commission, which is chartered to develop a long term solution to solid waste problems and which Dublin is a member, seems to favor regional incineration at this time. We do not consider Dublin a likely or desireable regional incineration point due to limited available land and the proximity of residential homes to the landfill.

We anticipate that the transfer capability must be in place by 1984-85, and we recommend that capital reserve consideration be authorized starting in 1983 to offset start-up costs. In addition, the town may elect to support segregation and recycling of selected materials which would increase start up but potentially reduce future operating costs. In addition, we recommend that funding to extend the landfill via a final excavation be authorized for use only on an "if needed and if state authorized" basis to allow landfill continuation should the existing excavation area become full.

We plan on working in 1983 against the following objectives:

1. Maintaining the landfill until 1984/85 and encouraging State approval for a final excavation through careful landfill management.

2. Careful monitoring of air and water quality potentially affected by the landfill and recommending controls as needed to minimize its impact to the environment. This will be done in coordination with the Conservation Commission.

3. Submitting a proposal package to the town by March, 1984, which contains recommended plans, costs and alternatives so that the conversion from a landfill to a Transfer Station can be started as early as 1984 if necessary.

TOWN OF DUBLIN PLAYGROUND

This is the seventh year of Dublin Playground. Once again, its success can be attributed to many reasons.

Local support can certainly be listed as a major contributor. Individuals, groups of individuals, businesses, private organizations, and the Town of Dublin all helped to make it a successful season.

Another source was the dedication and commitment of the Playground Staff who worked hard to make a smooth transition this summer with the introduction of three new people to the staff. Ted MacVeagh was assistant to the Director, Lynda Fath was Crafts coordinator, Debbie White worked specifically with the younger children, and Laura Murray assisted in athletics and special events. Working alongside the staff everyday was Cheryl Fath, and at different times there were two other volunteers — Jim Parratt and Stephen Fontaine. The Playground is indebted to all these people.

The most important reason would be the eagerness and friendliness of the children at the Playground each day. Without their good attitudes and desire to make each new program work, there would be no Playground. In the summer of 1980, a special award for the most effort and success in mini races went to Hugh Eaton and Sasha Kipka; a slightly different award for 1981 was given out to the winners of the most Blobs in the mini races — Melissa Barden & Craig Peterson. This year a special award was given to two active Playground participants. They were both 13, involved in all areas of the program and first to receive this award from all the staff. Receiving awards for "most effort and best attitude" were Michelle Lee Knapp and Brian James Murray.

The Playground wishes to thank Samuel Atkinson, Sarah Bauhan, Laura Brown, the Dublin Community Church, the Dublin Community Foundation, the Dublin Oil Company the Emanuel Church Outreach Committee, Richard Dunning, Cheryl and Lynda Fath, Fontaine Ford Sales, Stephen Fontaine, Katherine Gilbert, Mr. and Mrs. Zackery Goodyear, June Hammond, Steve Korpi, Judy Knapp, Jill Lawler, Mr. and Mrs. Henry Lee, III, Sargeant William S. Lee, Alice McKenna, Mr. and Mrs. Brian McDonald, Theodore MacVeagh, Mrs. Julian McKee, Mountain Messenger, Melora Moody, Laura Murray, Mr. and Mrs. Alfred Pellerin, Mr. James Parratt, Mr. and Mrs. Herbert Pratt, III, Mr. and Mrs. Glenn Scribner, Pam Snitko, Mrs. Millard Worcester, Rosamond Whitcomb, General and Mrs. I.D. White, Debbie White, and Yankee Publishing Company, without whom the program could not have functioned in the same manner.

New events introduced to the program this year were;

Obstacle Course — held twice.
Dublin Riding & Walking Club — rides and instruction for all children.
Flapdoodle Puppets Workshop.
Clown — face painting & parachute games.
Two Headed Puppet Theatre.
Dance — one with a disc jockey and the other with a live group.
Trip to New England Aquarium and the Museum of Science.

The Playground is pleased to note that it serves all children in Dublin during the summer. This summer, the program was visited by four children from other countries. Two of these children came from Brazil, and the other two from Spain. It was a good experience for all.

DUBLIN PUBLIC LIBRARY

Our library is a part of the Southwest Area Library Forum (ALF). Its purpose is to encourage information sharing and promote cooperative planning services among all types of libraries, and to communicate with the New Hampshire Library Commission on local needs and Statewide Library Services.

Last year an article appeared in the warrant asking the town through revenue sharing, to buy a new motion picture projector, as the old one had worn out. Previous to any action the town might take, the Dublin Community Foundation voted to donate one thousand dollars to buy a new projector. The entire community, I know, shares with us in appreciation to the Foundation for its munificent gift. A Bell & Howell projector with a still picture control has been purchased.

The ridgeroof on the library has been replaced with 16 gauge copper, as were two replacement valleys. Damaged slate was replaced. Two stone chimneys were recapped, new flashings and waterproofing. Albert Rajaniemi, trustee, installed a safer lock on the lower door, painted walls in the Gowing room, scraped peeling paint from leaks, from both the back stairway and the stackroom and then repainted. He built two small bookcases.

Sunday, the Fourth of July, and on the occasion of the celebration of the Centennial of the town hall, the library was asked to participate by exhibiting pictures of village scenes. We were happy to be a part of the event and held open house.

The library and the Dublin Playground coordinated its film programs for seven weeks last summer. On Wednesday morning it was not unusual to find sixty children sitting on the red carpet in the Gowing room watching the movies. The reading program and party was a great success with Cochrane's Bookstore donating book certificates to the winners and special bookmarks to all who participated.

In March of 1884, at town meeting, the citizens voted to establish a town library supported by taxation. They voted to spend one hundred dollars that year. The books of the previous libraries had been given to the town library by then. The library housed its collection in the west room on the ground floor of the new town hall. Mrs. Farnham's gift of our present library did not take place until 1900-1901.

The trustees and I think this occasion to be calls for recognition, and wherein we want it to be "low keyed", what better idea than to give the library a present, the gift of newly polished floors and thermal draperies for warmth and color. The improvements are really needed.

HIGHWAY DEPARTMENT

The Highway Department did usual plowing, sanding and salting, hauling gravel, grading roads, and cleaning ditches. Culverts were replaced if needed.

The Oiling Project was completed on the Lake Rd., Marlboro Rd., Snow Hill and the Charcoal Rd.

T R A was done on the Mossey again this year. A larger culvert replaced a smaller one at the brook by the Mossey residence, and more gravel was hauled and placed. There is approximately 300 feet to be completed before reaching the town line. Hopefully this will be done in 1983.

The bridge runners on the Goldmine Rd. bridge were replaced.

This fall the roads were graded again and the brush along the sides of all roads were cut with a tractor mower.

The bridge on East Harrisville Rd. is scheduled to be reconstructed in the Spring of 1983.

I would like to take this time to thank everyone for their help, support and cooperation during this past year.

CEMETERY ANNUAL REPORT

I am glad to report that the Dublin Cemetery had a quiet year. The general overall upkeep is finally under control. We can now concentrate on the plans that were authorized by the selectmen back in 1977.

Half of those plans have been completed on the north side of Carriage Lane. The second half involves 38 lots each accommodating two graves per lot. (This size lot is our best-seller.) There are also 8 lots which would accommodate 4 graves each.

Albert A. Schaal from Peterborough has completed the blueprints, and we hope to start cutting and landfilling this year.

See you Memorial Day!
Charles S.B. Pillsbury
Superintendent of the Dublin Cemetery

REPORT OF DIRECTOR OF CIVIL DEFENSE

This year I have attended two seminars about emergency management operation procedures. These were sponsored by the Red Cross in Keene.

Our yearly program papers have been completed and approved by the State Civil Defense Agency and are on file in the Selectmen's Office.

Our radiological meters have been updated this past year by the State Civil Defense Agency. In our semiannual check, we found one meter not working properly and this has been replaced.

I plan to attend seminars to help deal with emergencies. I hope 1983 is another quiet year.

Respectfully submitted,
Brian Barden

REPORT OF SITE INSPECTOR

1982 has been an average year for building construction. We have had a slight increase in new home construction this year.

There are new state regulations and information about these regulations is available through the Selectmen's Office.

I would like to remind everyone that a building permit is required for any construction over $1,000 in value.

The permits issued in 1982 are as follows:

5 new homes	$300,000
14 alterations and additions	352,200
1 new barn	10,000
1 new recreational building	50,000
1 mobile home	3,500
4 new garages	37,500

Brian Barden

REPORT OF THE CONSERVATION COMMISSION

The composition of the Conversation Commission underwent several changes during the year. Jay Jacobs was forced to resign due to the press of other commitments; new members included William Boozer and Marnie Bean. We extend our thanks to Jay Jacobs for the excellent work he did during his tenure as a member of the commission.

The paragraphs which follow sketch out briefly the major activities of the commission during 1982.

The commission met regularly, some twenty-one times in all, on the second and fourth Tuesdays of the month.

The project to place some 158 Dublin houses (including two districts) in nomination to the National Register of Historic Places under a Multiple Resources Listing was completed and submitted in October. The submission has undergone an initial review and has been returned, as is often the case, for further work. The necessary revisions are now being made, and our goal is to resubmit the materials by Febraury 15 at the latest. This project, upon its completion, will be a valuable asset to the town; and will, we hope, become an integral part of Dublin's planning procedures. The commission again expresses its appreciation to those who have given financial support to the project, to the many volunteers who have given generously of their time, and particularly to Bill Bauhan who continues to head up this project.

April 24 was designated tree planting day. With the help of girl scouts a number of plantings; including oaks, willows, white birch, multiflora roses and an autumn olive; were carried out on lower Main Street and on the conservation land on Howe Reservoir.

As has been the custom for many years, the commission sponsored a roadside clean-up day on May 1. With help from volunteers of all ages, the town's roadsides were well covered. The Naylors provided a picnic lunch for workers, and prizes were awarded to winners of the poster contest at the Dublin Elementary School.

During the summer, the Society for the Protection of New Hampshire Forests sponsored a Youth Conservation Camp on Black Pond in Windsor, N.H. Jeff Miller and Jennifer Jackson attended, with tuition costs being paid by the commission. Reports which Jeff and Jennifer made upon their return made it clear that the camp did an excellent job in exposing attendees to a broad range of conservation and natural resource management topics.

During the year commission members attended meetings of the Regional Planning Board, the Cheshire County Conservation District and the New Hampshire Association of Conservation Commissions, and worked closely with these organizations.

The valuable collection of glass photographic plates and photos given by Elliott and Kathleen Allison to the library were sorted, properly labelled and filed topically by members of the commission.

An issue of Dublin Dirt was published in April, 1982.

The commission has continued to encourage the granting of conservation easements covering private lands in the area. Final documents covering several such easements are now being drawn up with the Society for the Protection of New Hampshire Forests and the Dublin Conservation Commission being designated as Grantees.

The Draft Environmental Impact Study relating to a possible by-pass of Dublin was analyzed carefully by the commission. By letter and in its comments at the public hearing on November 18 the commission added to its earlier analysis of the environmental impacts of the various routes, and as a body took the position that of the proposed routes B-3 would, in its judgement, be the least damaging to the environment.

The commission is now regularly reviewing building permits, particularly those in which steep slopes or wetlands are involved. We appreciate the cooperation of the town's Health Officer and the Site Inspector in this important aspect of our work.

We wish to thank the Planning Board and the Board of Selectmen for their help on numerous occasions during the year.

1982 REPORT DUBLIN FIRE DEPARTMENT

The past year has been an unusually busy year for the fire department as usual with a record breaking number of calls. We have responded to 81 emergency and 37 non emergency calls during 1982. The breakdown of these calls is as follows: Rescue 38, mutual aid (called out of town to assist another dept.) 12, fire calls in town 29, brush fires 2. A total of 1150½ hours were spent answering these alarms. The average rescue call requires 6.35 hours, local fire 21.5 and mutual aid 14.3 hours. The largest building fire during 1982 required 435 hours to extinguish!

New tires have been installed on 1964 International, doors scraped and painted on station, fire hydrant project finished and all regular maintenance done on trucks and other equipment. The 1969 Ford rescue truck purchased at 1982 town meeting was refurbished and put into service during the fall. The truck is not new but with the installation of a 1979 cab and front end sheet metal, complete paint job and lettering it proved to be an excellent buy. All of the special equipment for rescue and medical needs is now kept on this vehicle. Additional equipment is now being purchased by the Fire Company, Ladies Fire Dept. Auxiliary and donations directly for this equipment from numerous persons and organizations. This saves the tax dollars for other purposes and yet provides us with the necessary equipment. For this we are very grateful.

We now have 4 Emergency Medical Technicians (EMT'S) and 17 First Responders with the department including 3 fireman's wives. A "First Responder" is a certified medical position having Federal Dept. of Transportation required standards. The course given the "First Responders" takes 45 hours which the EMT course requires 3 times as many hours. However, either course enables a person to perform "on the scene" emergency medical treatment safely, efficiently and legally. We have 4 additional people scheduled for EMT training in the spring of 1983. My thanks to Cles Staples, Francis McKenna and Bob Kukish — three EMT's who have helped greatly in Medical training with the department.

To provide 24 hour coverage 7 days a week with the rescue squad without having 20 people show up to perform the work of six, a rotating schedule is used for nights and weekends when 90% of the help is always available. This provides for 2 EMT's, 4 First responders and a dept. officer on call at all times. This also gives all medical personnel a chance at "hands on" experience.

The Dublin Fire Company (the organization of firemen with the dept.) holds its monthly meeting on the 1st Monday of each month. At this meeting all business and training schedules are set up for the month. The company has now begun a rotating work schedule of regular truck, radio and equipment checks each week on a monthly schedule. This not only keeps a watch on all equipment for operation, maintenance and being kept clean but gets every person in the department involved with all equipment. Radio and equipment check are done every Sunday morning — other details are spread out at other times. Three drills are scheduled every month — 2 fire training and 1 medical and rescue. Due mostly to the great amount of time spent on state required medical and rescue training, some dept. members found it difficult to attend enough fire drills. As a result, beginning Nov. 1, 1982, all dept. members began a required (by the Chief) 90 day refresher training course which has gone very well at this point. Every fireman must attend at least 1 drill each week for this 90 day period. The regular dept. training is divided into 15 separate categories to be covered. 1945 hours were spent by the 30 firemen during 1982 in training. Nearly 800 hours were for medical and rescue training alone! During 1983 we will return to the regular training with at least 1 required drill attended each month. It is hopeful that the town will vote the funds asked for to compensate the firemen for their efforts in training. We used to think of ourselves as a volunteer dept. but with today's training, fire alarms, medical needs and general meetings, cleaning, etc. we have rapidly grown out of the volunteer status. 15 years ago we made 30 calls and had 12 drills — none required — that one could volunteer for! Today a better compensation for training is in order.

For 1983 requirements — the 1964 International pumper needs extensive pump repairs on its 750 GPM Hale Pump as well as some rust repair work on front fenders and body compart-

ments. The pump problem results from a poor design in the pump that has been a problem since the truck was new. It cannot be patched up any longer and requires modification. The truck is well maintained and has at least 10 years use left if taken care of now. Today's replacement cost of this truck over $125,000.00 in 1964 it cost us $27,000.00. Like the rescue truck, it's worth repairing. For those not familiar with your fire dept. you are always welcome for a visit. Sundays is best but most Monday nights also finds someone there to show you around. There are 6 trucks in that building — 2 engines, 1 hose pumper, 1 tanker, 1 brush truck, and now 1 rescue truck — plus hundreds of pieces of special equipment. Speaking on special equipment — we also have 6 pieces of SCOTT breathing equipment that must have extensive modification or replacement before July 1, 1983. A special warrant article pertains to this as well as one on repairs to the 1964 truck.

I would like to thank the firemen for their continual support and also other town departments that we work with — especially the board of Selectmen. Many thanks to you all.

Respectfully submitted,
Michael Worcester, Chief

EMERGENCY NUMBER 352-1100 (Mutual Aid)

The statistics for 1982 have been compiled, and seem to support the theory that increased police patrols and visibility reduce crime. Last year was the third in which Dublin Police Department has had two full time members, and the number of burglaries and serious crimes has dropped sharply in Dublin, while they have been increasing in most communities. The current state of the economy undoubtedly is a factor in the escalating crime statistics nationwide; we are indeed fortunate that we have not been plagued with this problem to the same extent. We will continue to provide the maximum level of police patrol and minimum response time commensurate with the present economy's financial constraints; we do certainly appreciate the high level of support shown this department by Dublin residents and Town Officials.

The past year has shown a continuing growth in cooperation between our adjoining town police departments, as well as with State and Sheriff agencies. This has resulted in several crimes being solved which involved related crimes in other communities as well as Dublin, and on which arrests and indictments have been obtained. Citizen involvement and awareness has also been a great help in solving and preventing crime, and again we ask that anyone observing suspicious activity report same at once.

Motor vehicle activity remains approximately the same, with 55 accidents investigated, 27 persons injured, and no fatalities. Dublin officers arrested and prosecuted 19 operators for Driving While Intoxicated (DWI), down from last year's 23 arrests for DWI. Many misdemeanor offenses such as operating after revocation, reckless operation, etc., along with the normal offenses (speeding, non-inspection, etc.) were brought before Jaffrey District or Cheshire Superior Court. It is felt that our visibility has helped to hold the number of DWI's down; there have been numerous Road Safety Checks, and hopefully those who might have operated under the influence chose not to risk doing so in Dublin! As always, we urge anyone observing such operation to notify the Police Department immediately.

We welcome Albion Lane Jr., to Dublin Police Department; "Skip" Lane is a veteran of 11

years full time police experience, and is a NH Certified Full Time Police Officer. Skip is also a Certified Breathalyzer Operator, Radar Operator, Fingerprint Technician, and has received specialized training in Criminal Investigation, Accident Investigation, and has attended many seminars on other related matters. Skip now resides in Dublin, and is well acquainted with our community, having been a Special Officer with this department for three years previously.

With the approval and cooperation of the Selectmen, the departmental hiring policy and employment applications were revised and updated, and a new Policy Manual was generated and put into effect, to assure the Town of the best personnel standards and practices in the area of law enforcement.

A warrant article for 1983 includes a request for a new cruiser, since the 1980 cruiser now in service has reached the end of its efficient service life, having in excess of 100,000 miles on the odometer, plus the usual idling time (at least equal to the driving time in hours) accumulated at accidents, etc. Repairs have been frequent and costly; we are hoping that the transmission will last until the new cruiser is received.

As always, our goal has been to provide the Town with the greatest possible coverage with the resources available; we feel, and hope that the Town agrees, that we have done so. We wish to acknowledge the support of the Dublin residents and Town Officers, as well as State, Sheriff, and local police agencies; without this support we would have accomplished far less.

Our sincere thanks to all concerned.

Respectfully submitted,
Robert N. McLean
Chief of Police

REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1982, the Board of Adjustment acted on the following:

Approved a petition for Kerwin and Maryann Mattson for a variance to construct an addition to existing log cabin closer than the 35 foot setback requirement.

Approved a petition for Norman R. Davis for a variance from the 250 foot minimum frontage requirement for Tract I of his sub-division on Route 137.

Denied a petition for Mark B. Peterson on behalf of Carol S. Peterson for variance to remove existing mobile home and replace with a larger modular dwelling.

Denied a petition for Daniel and Frances O'Rourke thru their Attorney, Walter H. Sweeney, for a variance to sub-divide their lot on Main Street due to acreage and frontage requirements.

Approved a petition for Christopher James for a variance to build an addition to his home closer than 35 feet from existing boundaries.

Denied a petition for Jane S. Young for a variance from the 250 foot frontage requirement for Proposal II of her Sub-Division plan.

Approved a petition for Norman Davis for a special exception to remove gravel from Tract I of Lot 37 on Map 8 of his sub-division on Route 137.

Approved a petition for Bryan Hastingsfor a special exception to provide bed and breakfast at his property on Howe Reservoir limited to 2 bedrooms on ground floor and that the septic system complies with State and Town regulations for a 6 bedroom dwelling.

SIDEWALK COMMITTEE REPORT

The Board of Selectmen charged this committee with investigating the possibilities of extending the Main Street sidewalk from its western end to the Women's Club Beach — a distance of approximately 2,450 feet.

In consultation with the New Hampshire Highway Department it was learned that this could be done without resorting to purchasing property or gaining easements by constructing a six foot walkway from the existing walk to the Upper Jaffrey Road (800 feet) and a ten foot walkway from there to the beach (1,650 feet). This walkway would be level with the pavement of the roadway. The State would provide a graveled surface ready to pave. The town would be responsible for paving and marking the walkway. The committee recommends painting the walkway green to a width of about six feet. The cost based upon written estimates would not exceed $23,000. The committee recommends this option.

The committee also explored a raised sidewalk and found the cost prohibitive (approximately $75,000). The additional safety factor of raising the sidewalk is at best questionable. With a curb a skidding car would be more likely to flip on the curve. This would also seriously complicate plowing in the winter. It has been suggested that a curbed sidewalk poses a potential hazard for bicyclists. Finally, engineering work would be required to handle drainage problems with no guarantee that the State would approve the project. Given the high cost and questionable additional benefits the committee does not recommend a raised sidewalk.

When the State improved Route 101 in 1972, the base for a walkway was provided. The committee concurs with the thinking at that time that a simple walkway, clearly marked is the best alternative.
